Ten Suggestions for Success

1. Work at something you enjoy and that's worthy of your time and talent.
2. Give people more than they expect and do it cheerfully.
3. Become the most positive and enthusiastic person you know.
4. Discipline yourself to save money on the even the most modest salary.
5. Commit yourself to constant improvement.
6. Commit yourself to quality.
7. Be decisive even if it means you'll sometimes be wrong.
8. Stop blaming others. Take responsibility for every area of your life.
9. Be bold and courageous. When you look back at your life, you'll regret the things you didn't do more than ones you did.
10. Take good care of those you love.

Helping Small Businesses & Individuals **Caring About Your Business Is My Business**

WHEN DID YOUR BUSINESS OPEN?

My office first opened in Lovettsville, Virginia in October 1991. Then, in October 1994, the office moved to Jefferson, Maryland.

WHAT SETS YOUR BUSINESS APART?

An experienced staff that can assist our clients with a wide variety of challenges. We have helped our business clients prosper by streamlining their internal procedures or adopting the newer technologies. We help our individual clients minimize their personal income tax burdens and counsel them with many financial decisions. We also have a lot of experience with estate filings and related issues.

WHAT ADVICE WOULD YOU GIVE OTHERS GOING INTO BUSINESS?

Keep your overhead down and your schedule flexible. It is easy to get consumed by your business. Work life balance is important.

WHAT BUSINESS LEADER DO YOU MOST ADMIRE IN LIFE AND WHY?

Herman Rabbitt. He was a self made millionaire who was frugal to a fault.

IF YOU WEREN'T IN YOUR CURRENT PROFESSION, WHAT OTHER TYPE OF BUSINESS WOULD YOU BE IN?

I always thought I would enjoy teaching night school to adults. I taught early in my career at Abbie Business Institute, which later became Accutech. The adult night students were a pleasure.

WHAT MAKES BRUNSWICK/ FREDERICK COUNTY A GREAT PLACE TO DO BUSINESS?

The growth presents a lot of new opportunity for the new citizens of differing backgrounds and situations and new start up businesses.

WHY DID YOU CHOSE THIS PROFESSION AND WHAT ARE YOU MOST PROUD OF?

I was raised doing a lot of farm work and decided at an early age I wanted

to work in a climate controlled environment. I was always good at math so accounting seemed like a logical fit. Over the years I learned this profession is less about math and more about rules, regulations and people.

WHAT ONE THING HAS LED TO YOUR MOST SUCCESS IN YOUR CAREER?

I have been blessed to have some wonderful staff members over the years.

My success is because of the hard work over the years of the Barbara's, Sandy's, Lori's and Michelle's who also were absolute pleasures to work with.

Jim George, CPA

Lovettsville Co-Op, serving the Lovettsville, western Loudoun County and adjacent Maryland communities.

WHEN DID YOUR BUSINESS OPEN AND WHAT SETS YOU APART?

The Lovettsville Co-op opened just across the river in Lovettsville on November 1, 2023. The Co-op is owned by community members, who started the process in 2011, building the organization from the ground up. This makes us quite different from the average chain grocery store with a central board and shareholders. Community members serve as volunteer Board members, and every member has a voice in how their Co-op is run. Our products are chosen with our community's needs in mind, which means that a large number of our items are produced within miles of the Co-op.

WHAT ADVICE WOULD YOU GIVE OTHERS GOING INTO BUSINESS?

Creating a co-operative team is central to success. The first few months of running a business are incredibly strenuous, but having a tight reliable group makes it possible.

WHAT BUSINESS LEADER DO YOU MOST ADMIRE IN LIFE AND WHY?

Nikola Tesla, for always pushing the limits of innovation. In any business you must recreate and innovate, and Nikola does that consistently.

IF YOU WEREN'T IN YOUR CURRENT PROFESSION, WHAT OTHER TYPE OF BUSINESS WOULD YOU BE IN?

Political and/or sports journalism.

WHAT MAKES BRUNSWICK/FREDERICK COUNTY A GREAT PLACE TO DO BUSINESS?

The people we employ and serve is the most impactful reason for doing business. The area has also shown to be resilient even during economic downturns.

WHY DID YOU CHOSE THIS PROFESSION AND WHAT ARE YOU MOST PROUD OF?

I chose this profession because business can also be about people and community and not just profit. I am most proud of the people I have served and also the team members I have worked with to serve those people!

WHERE DO YOU SEE YOUR BUSINESS IN FIVE YEARS?

The Co-op will look to innovate, grow and prosper over the next five years. During this period of growth, we will strive to be a community grocery store for all people and stay true to our mission of being a community hub and a cornerstone supporter of local producers and farmers.

Facts are not free.

Anyone can spout off on social media. Anyone can post their personal hot take on the issue of the day, free of facts, free of anything but their own opinion and bias.

Real news is different. Real news comes from experienced journalists who put aside their assumptions and talk to people on all sides of an issue.

Real news is hard. When you work for an organization devoted to real journalism, you are challenged daily by your editors. Hot takes don't cut it – you have to do the work. That means talking to experts, mastering the issues, confirming every fact.

Real news rocks the boat. Sometimes, people don't want you looking into what's going on. They hide information. They clam up, they refuse to release documents. They even sue you. Real news organizations fight back.

Real news is not free. If we are going to work together to move our community forward, we need facts – and we need professional journalists to cover the news. That's what we do – and we need your support, now more than ever.
